

PROGRAM

09h00 _ 09h20 | **Registration**

09h20 _ 09h30 | **Welcome and Introduction Remarks**

09h30 _ 10h30 | **Microarrays in Biomedicine**

Ana Catarina Gomes – Introduction to Microarrays and to the Biocant Platform

Richard Redon – Nantes Microarray Platform

10h30 _ 10h50 | **Coffee Break**

10h50 _ 11h50 | **non-coding RNAs in Cancer**

Patrícia Pereira – miRNAs in cancer and development

Maite Huarte – LincRNAs: novel components of the p53 network

10h50 _ 12h20 | **Agilent's invited presentation**

12h20_ 14h00 | **Lunch**

14h00 _ 15h30 | **Microarrays in Diagnostic and Prognostic**

Isabel Carreira – CNVs as diagnostic tools for chromosomal disorders

Richard Redon – Cardiac Sudden Death: new genetic approaches

Marc Aubry – Integrative Functional Genomics approaches in the field of Cancer Translational Research

15h30 _ 16h30 | **Meet the Expert**

Participants can enroll in one of the parallel informal sessions, where they can interact more closely with the speakers of each session and the other participants interested in the same topic
